

### Federally Apprentice-able Trades Not Currently Utilized in Montana

Point of clarification: the USDOL may recognize a trade, but it may not be utilized in Montana. Does not mean it is not apprentice-able.

Health care has been identified as a high-growth industry by the USDOL's Office of Apprenticeship. A *High-Growth Industry Profile* brochure has been copied for you.

Of Montana's 25 Hot Careers, 10 are apprentice-able

- Carpenters
- Child Care Workers
- Construction Laborers
- Some Maintenance Personnel
- [CNA's](#)
- Construction-related truck, heavy and tractor-trailer drivers
- Real Estate Appraisers
- Painters
- Chefs
- Bartenders

Some that are not apprentice-able require degrees

- [Registered Nurses](#)
- General & Operations Managers
- Postsecondary Teachers
- Construction Managers

Strengthening Our Nation's Workforce handout - example of the importance USDOL is placing on health care fields. Of the 48 Federally Apprenticeship-able health care-related fields, only one is currently being utilized in Montana.
